

[Recognizing Symptoms Of Co-occurring Disorders \(Depression, Anxiety, Bipolar\)](#)

CO-OCCURRING DISORDER

- Addiction is a disease often caused by excessive consumption of drugs & alcohol.
- When a person has a **PRE-EXISTING** mental condition that contributes to this addictive behavior it's called **Co-Occurring Disorder**.
- ADHD
- Anxiety
- Bipolar disorder
- Borderline personality disorder
- Depression
- Eating disorders
- Gambling addiction
- Obsessive-compulsive disorder
- PTSD
- Schizophrenia
- Sex addiction

Dual Diagnosis treatment is much more likely to reduce the risk of illness and disease, poverty, possible incarceration and even homelessness.
