If you have ever worked in retail your worst nightmare is some pesky customer coming in and ruining your perfectly straightened shelves, well now is your chance to be that pesky customer and even be rewarded for it! In every level you can find each of the 4 weapons and your goal is to cause as much damage as possible before, either being taken out by the endless waves of relentless workers or make your escape in the exit car. You can then use the money gained from causing damage to purchase new looks for each of the 4 weapons!
